### COMMUNICABLE ILLNESSES

As some of you may be aware, a child in our school is being treated for cancer. This is a treatable illness and doctors are hopeful this child will make a full recovery. The child is receiving chemotherapy treatments. We are asking for your continued assistance to let the school office know as soon as possible if your child develops a contagious illness such as: Chicken Pox, Influenza, ect. As always, we encourage children to stay at home if they are ill or have a contagious illness. With your continued cooperation we can ensure a safe environment for this child and all the children at our school. Thank you in advance for your continued understanding.

**Congratulations to both Elsa Blum and Caleb Mead for both placing 1st in the Laurentian Cross Country Running event held on September 26th!**
