SUDBURY CATHOLIC SCHOOLS

Guest Speakers in Schools

As per Bill 98 - *The Better Schools and Students Outcomes Act (2023*), we are pleased to advise you that the following guest speaker(s)/ performers will be presenting to students in grade(s) 7/8.

Date of activity: 11/09/26 (start date then once a week for 6 weeks) **(MM/DD/YY)**	Time of activity: 1:20-2:05
Name(s) of guest speaker(s) or performers and the organization they represent (if any): Sudbury Neutrino Observation Laboratory (SNO Lab)	
Title of activity: Wonderground	Location of activity: Classroom
Topic or focus of the activity: SNOLAB, Canada's deep underground science lab, located in Sudbury, Ontario, has a new hybrid education program for students in grades 4 – 8 called Wonderground. The program focuses on allowing students to be curious and learn more about the scientific method through hands-on activities. The program concludes with students getting to propose real experiments that the SNOLAB team can do in our underground facility and share results with students.	
Connection to the curriculum and/or purpose of the activity: Science and technology curriculum	
Details of any handouts, materials, giveaway, or literature provided (if none please indicate): There will be hands on science activities that may include worksheets.	

Note: Schools are permitted to exclude certain information, such as date and time of the activity, where the school board determines that publicly posting this information would pose a safety risk to students and/or staff.
